| **English**   | I will understand …  
|               | • How to analyse texts.  
|               | • How to write a persuasive text.  
|               | I will be able to …  
|               | • Identify themes and mood in a text.  
|               | • Write a persuasive letter.  |
| **Maths**     | I will understand …  
|               | • Mean, median, mode and range for sets of data (Yr 7)  
|               | • Unit price to compare products (Yr 7)  
|               | • How to solve problems using the four operations using whole numbers and decimals (Yr 6)  
|               | • Column, bar and side-by-side graphs (Yr 6)  
|               | • Probability and fractions (Yr 6)  
|               | • Key features of data displays (Yr 6)  
|               | I will be able to …  
|               | • Calculate mean, median, mode and range for sets of data (Yr 7)  
|               | • Calculate unit price to compare products and decide which is the best value (Yr 7)  
|               | • Solve problems using the four operations using whole numbers and decimals (Yr 6)  
|               | • Interpret column, bar and side-by-side graphs to answer questions (Yr 6)  
|               | • Express probability as a fraction (Yr 6)  
|               | • Identify key features of data displays (Yr 6)  |
| **Science**   | I will understand …  
|               | • the place of Earth in the Solar System.  
|               | I will be able to …  
|               | • identify patterns and relationships between components in this system.  
|               | • gather, record and interpret data relating to weather and weather events.  |
